SWBFSpy Community Administrator & Community Leader & Knowledge Manager - Phobos

Star Wars Battlefront

SWBF Mod Night takes place again next month on December 2nd at 3:00PM EST. Feel free to post suggestions on our forum (**www.SWBFModders.com - Events Thread**). Contact us if you think we are missing any relevant information (or for sending _Player Feedback_ !) here: **ZombieDeathMob @ Steam** _If you can't reach Phobos, contact a Game Ambassador instead._

Weekly Walking Dead Nights server is being hosted by Phobos every Sunday night before the Season 8 episodes air, from 7PM to 9PM EST. This server will be hosted until December 10th when the mid-season break begins, then we will host another special mod server instead. **TWD v0.97** is also progressing well, and will be released sometime in early 2018. To join us, download TWD v0.963 here: **https://swbfmodders.com/index.php?topic=296**

TWD Battlefront v0.963 is being released on December 1st with several improvements to animations, zombies and melee weapons compared to the 0.960 build! This installer is 500mb so go to **www.SWBFModders.com/index.php?topic=296** for the download! The SWBFSpy server will be using v0.963 for the final two weeks of Weekly Walking Dead Nights event since it is a big enough patch to justify the upgrade.

Stay informed of the latest Star Wars Battlefront community news and updates with the **SWBFSpy Weekly Newsletters** and official SWBF forums at **www.SWBFmodders.com**

New Community Awards are being added soon, including "Player of the Month" and "Modder of the Season" awards! Check SWBF Community>SWBFSpy Organization for more information!

Star Wars Battlefront II

Visit GoG Galaxy's SWBFII Master Server: **http://steamcommunity.com/games/6060** It is functional and recommended to use over GameRanger, until the SWBFSpy MS is finished.

SWBFSpy BFII Single Unit Event is taking place the 3rd of December at 3:00PM EST for PC Players, and at 6:00PM EST for PS2 Players. A special duel server will also be hosted at 8:00PM EST. We are using GoG internet master server instead of GameRanger for this event. Fortunately, we had no issues with the Game Server during our unannounced bonus event last week, and the results were very good. We hope they are even better next time!

Registration deadline now ends **Dec 7th** for the **SWBF2 2017 Championship** we're hosting. It will take place during the month of December. The game mode will feature 1v6 CTF and the new epic BFII space assault map by Phobos. All championship details can be found here: **http://2017championship.swbfspy-organization.cf**

Phobos will be stepping things up with many more future expansions to the SWBFSpy Organization, with becoming the Knowledge Manager of the SWBFSpy Organization, and managing both departments of SWBFSpy. This new SWBFSpy Knowledge Department is now in charge of everything related to how-to/guides, helping people get SWBFSpy working, providing some "standards" for members to adhere to, defining the Organization roles, spreading the knowledge of SWBFSpy and the **SWBFModders.com** community, teaching new SWBFSpy staff what their functions are, etc.

- Discord is no longer being used due to EvolveHQ being better & supporting SWBF game hours logging. Subscribe to the SWBFSpy YouTube today for exclusive access to unlisted videos!

Trolls & Banned Hostilities
- The NaziLamers psychotic troll cult run by delusional tyrants Led & Anyder have continued with their cyberstalking, harassment attempts, and disinformation smear campaign against me and the rest of the SWBF community, all through the month of November 2017. They will continue to be reported and exposed for all of their hostility, into 2018 and beyond if needed.
- LedTroll keeps wasting his money on rolling out more fake websites with fake sock accounts, and paying for new members to join his psychotic cyberstalker NaziLamersFakeSpy troll cult. All those trolls have done since I banned them from SWBFSpy is thrash about and spread lies.

Player Feedback
"Thanks phobos for your management and work for keeping theses games alive !! you're a very cool guy with a gold heart. Thanks !! :) "

"Hi Phobos, I just found out about your website. It looks great! Thanks for continuing to share your knowledge with the mod community Phobos. Considering the amount of hostility towards you this year, I'd understand if you chose not to share anything publicly again. So thank you for continuing to share some of your improved modding tutorials and new mod previews with the public. I'm sure you will keep SWBFmodders.com running for many years after the hostile troll cult's fake web domains expire. - Keep inventing more awesome mods dude!"
